- React
- Next.js
- Express.js

Other Technical Skills:

- AWS
- Vercel
- Postman
- Netlify
- Railways

Human Languages:

- Bosnian (Native)
- English (Fluent)
- German (Fluent)

ABOUT ME

I am striving to work in a healthier community with the possibility of constant self-improvement. Commitment and passion are the best description for my work.

EXPERIENCE

Frontend developer

SigmaDev

Dates: 02/2023 - 05/2023

- Developed responsive landing pages for small companies using HTML5, CSS3, and JavaScript.
- Utilized React.js and Next.js frameworks to build dynamic and interactive web applications.
- Translated design mockups and wireframes into pixel-perfect web pages, leveraging React components and Next.js features.
- Implemented state management solutions such as Redux or Context API for managing complex application states.
- Ensured cross-browser compatibility and optimized performance for web applications built with React and Next.js.
- Conducted code reviews and provided feedback to maintain code quality and adhere to best practices in React and Next.js development.
- Implemented SEO best practices to improve website visibility and search engine rankings.
- Stayed updated with the latest frontend technologies, tools, and best practices, particularly in the React and Next.js ecosystems.
